NAIROBI, Kenya Dec 1 – The textile industry in Kenya is poised for significant growth in the upcoming days, as key figures in the industry gather for the second edition of the India International Textile Machinery Exhibition Society (India ITME Society).

Having commenced on November 30 and scheduled to conclude on December 2, 2023, the exhibition in Nairobi is a platform for showcasing the latest advancements in textile machinery and technology.

It aims to foster business networking and promote collaborations within the industry.

Taking place at the Kenyatta International Convention Center (KICC), the exhibition has attracted participants from 23 countries, with more than 300 companies actively engaged.

Juma Mukhwana, the Principal Secretary of the State Department for Industry, who inaugurated the event, commended the organizers.

He expressed Kenya's enthusiasm for hosting this global exhibition, foreseeing positive prospects for Kenya's textile industry.

"This is a very exciting moment for us as this exhibition will definitely elevate Kenya as the leading gateway to African countries in the textile industry," Mukhwana said.
